### Appendix 11A Waivers and Variances

The Land Development Code authorizes the Planning Commission to grant relief from many of the specific standards, through a public review process that includes notice to adjacent property owners. However, the Commission may not grant relief from portions of the LDC that are within the jurisdiction of the Jeffersontown Board of Adjustment.

The following excerpts from the Land Development Code and KRS 100 determine what portions of the LDC may be modified and which entity has jurisdiction:

LDC Section 11.8.1 The Planning Commission may modify, reduce or waive those standards and minimum requirements established by this Land Development Code which cannot be modified through a dimensional variance. Use, conditional use, density and FAR standards established in Chapter 2 shall not be modified by this process. Specific Chapter, Part or Section waiver procedures shall take precedence over the procedures established in this Part (e.g. – Parking Waiver procedure in Chapter 9).

KRS 100.111 (24) “Variance” means a departure from dimensional terms of the zoning regulation pertaining to the height, width, or location of structures, and the size of yards and open spaces where such departure meets the requirements of KRS 100.241 to 100.247.

Variance Examples (Changes to requirements that impact size (area, height, depth, etc.) and location of structures, yards (setbacks) and open spaces.

Section 4.1.2	Factory Built Housing	Width and number of stories, minimum area
Section 4.4.3	Fences, Walls and Signature Entrances	Fence height

Section 5.4.1 and 5.4.2	Accessory Structure Size	Accessory structures cannot exceed 1,000 square feet.

**NOTE:** Only site, building and structure design elements are subject to the waiver provisions of the LDC. Regulations that prohibit certain structures or activities (e.g. freestanding signs prohibited in certain form districts), and other non-design related standards (e.g. limit on hours of operation) may not be waived. **For example, pursuant to LDC Section 4.4.5.H, a home occupation that accommodates customers, clients, or pupils on the site is not permitted to operate between the hours of 9 P.M. and 7 A.M. This standard is not related to design and, therefore, is not subject to a waiver.**

Requirements that are not eligible for waiver or variance (requirements that are expressly prohibited by the LDC, are alternative designs/procedures to specific requirements, etc.)

Section 5.1.9	Alternatives to Maximum	Allowance to set back beyond maximum if the alternative design is met.
---------------	-------------------------	--

Chapter 4, Part 3	Permitted uses with Special Standards	Special uses permitted when applicable standards are met.
Chapter 4, Part 7	Environmental Constraints	Geotechnical Report Requirement

**NOTE:** *Rather than seeking modification of the width of form district transition zones the correct procedure will be to request variance/waiver of specific standard rather than to change the width of the transition zone. 2/19/03*
